
SUMMARY OF CARE BY NON-MILITARY MEDICAL PROVIDER

For use of this form, see DA PAM 40-502; the proponent agency is OTSG.

PURPOSE: The Summary of Care by Non-Military Medical Provider form provides the Army Healthcare team with essential current and relevant medical information for Soldiers seen by civilian network partners, to ensure that any functional limitation(s) is/are documented in a physical profile (DA Form 3349) when warranted. Appropriate and consistent Soldier profiles promote transparency and contribute to overall readiness of the Army. This form is applicable for Soldiers in the United States Army National Guard (ARNG), United States Army Reserves (USAR), and those on Active Duty receiving care covered by the Military Health System but at non-Military Treatment Facilities.

The following steps need to be taken to satisfy the requirement of completing the Summary of Care by Non-Military Medical Provider Form:

1. The Soldier will communicate with his/her Chain of Command within 7 business days any medical concerns being treated by a non-military healthcare provider that could negatively impact their physical capacity, deployability, or ability to perform satisfactorily. The Unit CDR or designee will provide a blank Summary of Care by Non-Military Provider Form to the Soldier, who will ensure completion by each civilian provider who performs any medical examination, evaluation, treatment, or consultation.
2. The civilian provider will complete the form based on the healthcare service(s) rendered.
3. The completed Summary of Care by Non-Military Medical Provider form and any additional available substantiating and supporting medical documents must be delivered by the Soldier to his/her Primary Care Manager (PCM) and the Regional Care Coordinator (RCC) within 7 business days of the civilian care encounter. Soldiers must also provide the form to his/her unit chain of command.
4. After review by the Soldier's PCM or RCC, appropriate processing will be made to ensure the form becomes part of the Soldier's Service Treatment Record (STR).

NOTE TO MEDICAL PROVIDER: ANY CONDITION(S) RESULTING IN FUNCTIONAL LIMITATIONS MAY LEAD TO THE ISSUANCE OF A TEMPORARY OR PERMANENT PROFILE AND MAY DIRECTLY IMPACT THE SOLDIER'S MEDICAL READINESS CLASSIFICATION AND ABILITY TO DEPLOY.
